# Message From The Organising Secretary

Dear Friends,

Greetings from Ahmedabad

Encouraged by the response of our earlier Critical care conferences & to expand the horizon of GCC, we are organizing the event with other association and societies. They are the active partners in selecting the topics and organizing the event. Heart foundation and research institute and its Chairman Dr. Nitin Sumant Shah have been very generous for giving their support for this conference. The foundation is co-partner in organizing this event. We are also joining hand to do other activities like education, public awareness programme about preventive disease and medical relief camps, which will be of help to the society.

We are thankful to APA president Dr. K D Tibrewala and Secretary Dr. Javed Vakil for giving their full support for organizing this event. 1<sup>st</sup> time The NGPA is also a supportive partner in this event. I am also thankful to Dr. Ashaben N Shah for extending her support for the congress.

I have focused on basics of Critical Care Medicine. The theme for upcoming Critical Conference would be **BASICS TO BENCH SIDE**. More than 20 faculties from across the country will discuss about the fourteen key issues and three medical cases of day to day importance. As delegate you will also be given an opportunity to participate and ask your queries.

Critical Care Medicine is full of challenges. We are facing the problems of multidrug resistant infection, immuno compromised host, aging population, diagnostic dilemma and complicated multi organ failure. Our horizon of supportive care is also increasing in form of ECMO, Left Ventricular Assist Device, Antibiotic filter (toramycin). Despite all these development, outcome of the patient is dependent on timely diagnosis and proper treatment, aseptic precautions and proper nursing care. Ultrasound is taking place of stethoscope for intensivist, it is going to become our eye in future. One has to master this art for giving good result.

We welcome you on behalf of Gujarat Critical Care, APA, HR&RI and NGPA. Hope this conference will help us in becoming richer in knowledge for better patient care in critical medicine.

## 27<sup>th</sup> January :

08:15 - 08:30 hrs Saraswati Vandana

08:30 hrs Neurocritical care

Chair Person  
Dr. Ashaben N Shah  
Dr. K D Tibrewala  
Dr. Atul parikh  
Dr. Navin Khimesara

Speakers

08:30 - 08:50 hrs Approach and mangement of status epilepticus

Dr. Ashit Hedge

08:50 - 09:10 hrs Raised intracranial pressure ( $\uparrow$ ICP) critical issue in managing unconscious patients

Dr. Pradeep Bhattacharya

09:10 - 09:30 hrs Management of blood pressure in neurotrauma and stroke – What is optimum

Dr. Khushrao Bhajan

09:30 - 09:50 hrs CSF – Analylysis in brain fever and critical issue in management of meningitis

Dr. Srinivas Samvedam

09:50 - 10:00 hrs Discussion

10:00 - 10:30 hrs Case discussion on management of traumatic brain injury  
Moderator  
Dr. Pradeep Bhattacharya

Panelist  
Dr. Sudhir Shah,  
Dr. Parimal Tripathi  
Dr. Ashit Hedge  
Dr. Khushrao Bhajan  
Dr. Jose Chako

10:30 - 11:00 hrs Tea Break

11:00 hrs Cardiopulmonary – critical care

Chair Person  
Dr. Narendra Raval  
Dr. Harendra Thakkar  
Dr. Tejas Padodara  
Dr. Anis Joshi

Speakers

11:00 - 11:20 hrs Management of refractory ARDS conventional technics & rescue modalities

Dr. Pratibha Dileep

11:20 - 11:40 hrs Non-invasive ventilation in acute respiratory failure-when to use, when not to use and how to use

Dr. Souren Panja

11:40 - 12:00 hrs Dyarrhythmia in medically ill icu patients- when to treat and when not to treat.

Dr. Naman Shastri

12:00 - 12:20 hrs How can we improve diagnostic yield and therapeutic outcome in massive pulmonary embolism

Dr. Yatin Mehta

12:20 - 12:30 hrs Discussion
